# Patch Cords

## *Upgraded*

### CP Technologies Patch Cords Receive Upgrade

CP Technologies has lengthened the molded boots and plug tab to a length that is compatible with Cisco depth switches. The upgrade is in transition and most current Cat5E and Cat6 stock cords now have these new longer molded boots and plugs.

CP Technologies copper patch cables exceed all Component ratings set by ANSI/TIA-568 requirements.

- 50 micron gold plating on Mod Plugs
- 4 pair, 24 AWG
- 100% Bare Copper Wire
- UL Approved
- Lifetime Warranty
- Slim line Snag-free "Claw" boots

New  
Longer Latch!
